

THE ORIGINAL EGA® HOLISTIC SOLUTION

Massage Oil: Serenity

Massage Therapy A Wellness Retreat to Recharge

Your body, mind and spirit deserve the absolute best! The use of essential oils in massage is a way to maximize the healing power of the massage itself. When combined with essential oils, a massage can have a powerful calming or energizing effect, depending on the oil chosen. Massage oils let you treat yourself to one of the oldest and most effective treatments for your well-being.

Massage oils have the power to transform our emotions and make our bodies feel good. It has the power to take us to another place and time.

Our massage oils are enhanced by our AMized Fusion Technology® (AFT). These massage oils are therapeutic as it combines the natural therapeutic properties of the essential oils and the healing power of massage therapy. It gives a pleasant method of physical, emotional and mental clarity, relaxation, and rejuvenating experience.

Serentiy massage oil supports the adrenal cortex, helps balance the hormonal system and enhances the lymphatic system. It may also be used to promote balanced production of sebum in the skin.

Serentiy massage oil can be used for massage therapy as a holistic procedure that is inviting with the warmth of the sun, exuding feelings of happiness and bliss, and bringing stress relief. This is accomplished through specific manipulations with the hands on the soft tissue of the body for therapeutic effect.
